

**FASTENER  
TRAINING  
INSTITUTE**

Hosted by the Southwestern Fastener Association:  
**FASTENER TRAINING WEEK**

**MARCH 22-25, 2021 | HOUSTON, TEXAS**

**ACCELERATED TRAINING FOR THE  
FTI CERTIFIED FASTENER  
SPECIALIST™ (CFS) DESIGNATION**

Fastener Training Week features learning labs, interactive exercises and quizzes to reinforce learning taught by leading industry experts. The content includes manufacturing processes, consensus standards, quality control and includes a day of plant tours of manufacturing, secondary processes and testing facilities.

Instead of seven separate one-day classes, Fastener Training Week offers four intensive days of education and plant tours as part of the acclaimed FTI Certified Fastener Specialist™ (CFS) advanced technical training program. After completing this invaluable industry training in a small group environment and passing a final exam, attendees are eligible for the Certified Fastener Specialist™ (CFS) designation.
