# The Importance of Fastener Electroplating Standards

WEBINAR | APRIL 13 | 12-2 PM EST

## THE IMPORTANCE OF FASTENER ELECTROPLATING STANDARDS

The Fastener Training Institute and Industrial Fasteners Institute are partnering to on this two-hour training webinar that will cover why it's important to have fastener electroplating standards. The course will spotlight ASTM F1941/F1941M and ISO 4042. These consensus standards stand as shining examples of what a fastener specific electroplating standard should look like, and provide exemplary models for non-consensus, company proprietary standards across the world.

### WHO SHOULD ATTEND?

- Anyone in engineering, quality, purchasing or sales
- Fastener professionals interested in learning more about electroplating or standards
- Anyone looking to grow their understanding of the fastener industry

### WHAT TOPICS WILL BE COVERED?

Each topic will be explored in depth with and opportunity for Q&A

- The history of general electroplating standards
- Why fasteners should have their own electroplating standards
- The mechanics of electroplating
- Expected improvements in fastener specific requirements

**REGISTER TO ATTEND AT**

## DETAILS

**Register:** [bit.ly/ifiapril2021](https://bit.ly/ifiapril2021)

**Tuesday, April 13**

12 – 2 p.m. ET (11 a.m. – 1 p.m. CT /  
9 – 11 a.m. PT)

## PRICING

We are offering this training opportunity at a discounted rate to support the industry during this global pandemic.

Single User Rate: **\$99**

Group Rate: **\$389** up to 5 people

IFI Members: **FREE**

### MEET THE INSTRUCTORS:

**Laurence Claus**  
IFI Director of Education  
and Training

**Salim Brahimi**  
IFI Director of Engineering and  
Technology
