FASTENER  
TRAINING  
INSTITUTE

AUGUST 18 & 19 | 11 A.M. – 3 P.M. ET (10 AM - 2 P.M. CT / 8 A.M.-12 PM PT) | TWO-PART WEBINAR

## TROUBLESHOOTING COMMON FASTENER QUALITY ISSUES

This two-day training adapted from the Industrial Fasteners Institute's live course will cover the **common quality problems universally experienced by fastener manufacturers, distributors and users**. Anyone wanting to learn more about product-related challenges in the industry should attend, especially those in **product quality, workmanship, customer satisfaction, technical sales, manufacturing, engineering and leadership**.

### COURSE MATERIAL

In each session we will identify and illustrate examples of each industry issue, explain potential causes and work through prevention steps. Issues covered include:

- Raw material
- Forming
- Thread rolling
- Secondary operations
- Handling
- Heat treating
- Plating and coating
